

Celebrating 30 years

In March 2010, we celebrated 30 years of Shradhanjali. Many friends, well-wishers, previous workers and collaborators joined us for a small celebration to express our gratitude to that spirit of Auroville which holds this matchless experiment together, and to reiterate the aspiration with which we started out: an offering of ourselves, our work and our faith.

Dear Mr. Alain Bernard,

I have received a very beautiful condolence
card from the residents of Arcoville. My mother was
always deeply moved by the colour and form of leaves
and flowers. The card would have pleased her.

Please thank all the residents for their
sympathy and prayer.

Yours sincerely,

(Rajiv Gandhi)
